---

Dear applicant,

Thank you for your interest in applying for membership at Rochdale International Co-op.

Every member of our co-op is required to do weekly house jobs, attend the biweekly house meetings, and cook for the whole house once during every food cycle (roughly two weeks long). Please make sure that you will have enough time for these responsibilities before you start filling out this application.

We condemn discrimination and harassment on the basis of identity, background, and beliefs, and expect new members to share our commitment to diversity, equity, and inclusion.

After our membership coordinator receives your application, you will be invited to have one or two dinners with us so that we can get to know each other. Later, we will make a decision on your application based on a majority vote. Depending on the time of year, our membership process can be lengthy. When choosing a new member, we need to consider various factors concerning the applicant, as well as concerning our co-op. Each current member casts their vote based on what they consider as important factors. Thus, we strongly urge you not to consider our decision as a judgment on you or your personality if we decide that we cannot offer you membership. In fact, we encourage rejected members to apply again for future vacancies.

Please feel free to use the reverse side of any page if the space provided is not adequate for any of your answers.

If you need any clarification on anything or have any further questions, please don't hesitate to contact us. Thanks again for taking the time to apply to our co-op.

Sincerely,

Members of the Rochdale International Cooperative
